1. At least 6 hours designated “H” and 6 hours designated “S”. Of these, 3 hours need to meet the International Dimension “I” and 3 hours need to meet the Diversity Component “D”.

Horizontal arrows indicate prerequisites.

Shaded Areas Indicate Common Engineering Curriculum Requirements.
**Criteria for admission to the Graduate College to pursue the Master of Science include:**

1. receive a B.S. degree from an accredited institution.
2. academic performance in undergraduate work at a level that indicates a high probability of success in a graduate program requiring a 3.0/4.0 minimum grade point average.
3. recommended for admission to the Graduate College by a Professional School in the College of Engineering.

For further information, contact the School or the Office of the Dean of Engineering.

A flexible study plan is designed to meet each student’s individual goals.

---

2. 16 hours of courses to be selected from an approved list upon consultation with the advisor, with at least 6 hours from engineering electives and at least 3 hours from biological science electives. Up to 3 credit hours from an engineering study abroad course is allowed. Note: a minimum of 3 elective hours must be upper division.

* A “C” or better is required in each course that is a prerequisite for a major course.
