2015 SUMMER BRIDGE PROGRAM

Campus Orientation | Academic Preparation | Community Involvement

Congratulations on making the decision to join OSU’s College of Engineering, Architecture & Technology (CEAT) family. As Dean, I would like to invite you to Engineer Your Future by participating in the 2015 Summer Bridge Program. I am offering you a $1,500 full scholarship for this program so you can participate at no charge due to generous corporate sponsors. Every aspect of the program is aimed at helping you succeed. The program provides intensive academic review in math, chemistry and technical writing. You will also learn about career options in engineering, architecture and technology, design and fabricate an engineering project, and most importantly, get a head start on meeting your classmates and navigating OSU. So submit your application today, and we’ll see you in July.

What is Summer Bridge?

Summer Bridge is a three week preparatory program designed to guide incoming freshmen through the transition from high school to the collegiate learning environment at OSU. Students will be prepared for academic success by completing math, chemistry, and English reviews and an engineering design and fabrication project. In order to build strong study habits and begin networking, students will be housed on-campus with CEAT upperclassmen as mentors.

When is Summer Bridge?

July 19 - August 7, 2015
July 17 -19 – Camp Cowboy (paid by the program)
August 11 – Welcome Week move-in day (housing paid until this date)
August 17 – Fall semester begins

Benefits of the Summer Bridge Program

-Introduction to OSU and extended campus orientation
-Introduction to the 15 academic departments within CEAT
-Pre-calculus review
-General chemistry review
-English composition review
-Attend Camp Cowboy at no charge

-Engineering design and fabrication projects
-Industry tours to Summer Bridge Program sponsors
-Housing paid through Welcome Week move-in day, August 11th
-Potential to earn additional scholarships through Summer Bridge performance
-Math placement test re-take opportunity

What does it cost?

Generous contributions from Phillips 66, ConocoPhillips and Halliburton allow students to participate in the CEAT Summer Bridge Program at no cost. On-campus housing, meal plan card, textbooks, supplies and course curriculum, as well as recreational activities and transportation to and from all off-campus activities are paid by these sponsors.

What are you looking for in a Summer Bridge participant?

CEAT Summer Bridge participants should be highly motivated to maximize their potential and achieve at the highest level. Students from underrepresented groups, as well as first-generation college students are encouraged to apply, but students from all walks of life will be included.

How do I apply?

Simply visit the program web site and complete and submit the online application by 5:00 pm, Friday, May 1
